

ICT STRATEGIC PLAN

| St Lawrence's Primary School Vision for ICT: | | To provide a technology enriched learning environment that will enable our students to operate effectively in this modern world while maintaining the gift of faith which has been nurtured at this school. | |
|--|--|--|--|
| Key Areas | Goals | 2012 | 2013 |
| Leadership And Management | Lead and manage ICT across the school | Extend contract for technical support from Reliance Technology-Dubbo | Extend contract for technical support from Reliance Technology-Dubbo. Monthly visit to repair/install equipment. |
| Learning And Teaching | Incorporate ICT to support effective pedagogies in all parts of the curriculum and student-centred learning approaches | ICT integrated into daily routines. All classrooms equipped with interactive white boards. Technician-Barry Herbert-Eugowra 0429608548 | ICT integrated into daily routines. All classrooms equipped with interactive white boards. Technician-Barry Herbert-Eugowra 0429608548 |
| Professional Learning | Enable teachers and other staff to develop the skills to effectively use ICT in their daily practice. | Use of CAP personnel and PD opportunities to upskill teachers | Use of VC to promote PL in the school. Three workshops on Ipad's to be conducted, using CAP staff. |
| Administration | Use ICT to improve the efficiency and effectiveness of administrative processes, and to improve access to data for decision making purposes. | Inservice opportunity for secretary to learn how to effectively use SASS 2000. | Inservice opportunity for secretary to learn how to effectively use SASS 2000. Class role on SASS. |
| Infrastructure | Select, acquire, install and maintain computers, networks, software and other technology products. | Wireless to be installed. Decision to be made to continue with lap tops or to go with the new tablet technology. Plan to purchase 20 Ipad's and 25 lap tops. Computer area in the library to be equipped. VC equipment to be used to connect with both DEC and diocesan schools. Laptops to be acquired for each teachers board. Use of computer lab and in class computers to be facilitated with the help of D. Sulter. | Wireless installed. Purchase of a new Interactive White Board to replace the Team Board presently in the Year 6 classroom. Plan to relocate this Team Board, perhaps to the library/science room or staff room-the stem is an issue. 21 Ipad 2's with wireless purchased. Plan to purchase lap tops changed because we believe Ipad's will be the future and we now plan to acquire another 20 Ipad's for class/library use. Provision to be made for the purchase of Ipad carriers and suitable apps. Teachers all have a new laptop to |
